

AHOY SHIPMATES, WE'RE BACK!

We are so pleased to be back open and would like to thank everyone for their ongoing support.

Here are the key ways we are working to keep both our guests and our team safe:

- We ask all customers use hand sanitiser provided on entry and at key points throughout the pub.
- Customers must adhere to the government's social distancing rules, including the size and make-up of their group.
- We are currently offering table service only both inside and outside. We're sorry but customers cannot currently sit or stand at the bar.
- Our tables have been arranged to comply with social distance guidelines, please do not move any of the furniture.
- Tables will be thoroughly cleaned with anti bacterial products between each use, and cutlery and condiments will be brought out as needed.
- We politely ask customers ensure all children remain seated with their group and they must be accompanied to the toilets by an adult at all times.
- Contactless card payment is preferred where possible.
- If you chose to sit in the garden and the weather changes, we're sorry but cannot guarantee space will be available inside.
- All 'high traffic areas' are being cleaned as per government guidelines at frequent and regular intervals. Our toilets are being cleaned at 30 minute intervals. Please make sure you following social distancing when queuing for the toilets.
- Our normal menus will be being used, but are thoroughly cleaned after each use. If you prefer, our menu can also be viewed on your phone using the QR codes displayed throughout the pub.
- Our staff will be washing their hands thoroughly and frequently throughout their shifts.
- Staff will undertake a health questionnaire at the start of each shift.

WELCOME ABOARD!
